1)Chandigarh Group of Colleges, Jhanjeri
Address of Applicant :State Highway 12A Jhanjeri, Sahibzada
Ajit Singh Nagar, Punjab 140307, India. Punjab India

(72)Name of Inventor :
1)Dr. G. G. Shastry
2)Dr. Vikas Verma
3)Dr. Arvind Kumar
4)Dr. Sarabpreet kaur

(57) Abstract :

An ice molding device comprising of a body 1 having a pair of chambers 2, 3 associated with each other via at least two motorized telescopic rods 4, wherein the rods 4 extends/retracts to align the portion over one another, a display panel 8 connected with a microcontroller for providing access to a user to input commands regarding specific shape of an ice, wherein the microcontroller generates a command to actuate the motorized rod 4, plurality of telescopically operated ice molding casts 5 embedded in such a manner that each of the chamber 2, 3 comprises of same type of casts 5 that molds the ice in a desired manner, an iris unit 6 opens to locate the casts 5 over one another, plurality of heating coils 7 crafted on the chambers 2, 3 for providing heat to melt ice in order to provide proper molding of the ice.
