

Chandigarh Engineering College Jhanjeri, Mohali

3.4.2 Awards and recognitions received for extension activities from government / government recognized bodies

Response:

We at Chandigarh Engineering College, CEC, Jhanjeri have not only scored great accolades in academics alone, in the view to create the holistic environment through extension activities, our college are anticipating various social awareness programs in the name of extension activities.

Young Indian(YI) Youth Upcoming Versatile Authors (YUVA) gives exposure to all set of student domains in various events and initiations to achieve and learn the inline concepts related to conceptualize, plan and execute. The main objective behind that of this join movement was that, building youth leadership with the futuristic through process, secondly developing responsible youth for the future – engaging in national building, thirdly skilling and training of youth, finally, be the voice of young India.

Intellectual property rights are concerned as the robust and enforced, to safeguard families and consumers. Informed customer decisions concerning the security, dependability, and efficiency of their transactions are Made possible by strong and sound IP rights. By keeping the importance of IP rights as well to educate and create awareness about the IPR, CEC, Jhanjeri has conducted the National Intellectual Property Awareness Mission (NIPAM) training program to all aspirants related to this field.

Similarly, The students of Chandigarh Engineering College, CEC, Jhanjeri have taken pledge to possibly reduce the conventional way of power production in the view to curb the usage of fossil fuels in such a way, becoming the entrepreneur by installing the solar plants for various applications.

By developing new goods and services as well encouraging new employment for human kind, CEC, Jhanjeri eventually accelerates economic growth through various means. Therefore, it makes sense to see public policy that promotes and supports entrepreneurship as crucial for economic growth. By keeping the above
